

Supercharger Sounds

By: Skril Studio

Thank you for purchasing Supercharger Sounds!

Package includes:

- 50 complete supercharger sound packs (each has 4 sound clips: on-load and off-load sound clips for both exterior and interior camera views)
- 100 On load loops (50 clips for exterior and 50 clips for interior view)
- 100 Off load loops (50 clips for exterior and 50 clips for interior view)
- Altogether 200 wav audio files (100 for exterior view and 100 for interior view)

Sound clips usage explaining:

Play together these sound clips with your vehicle's engine sound. Supercharger sound clips pitch and volume is increasing by the engine rpm.

- on_load sound clip: played during acceleration, or when the car has stable rpm during driving (gas pedal is pressed down, engine load = 1).
- off load sound clip: played during deceleration or at idle rpm (gas pedal is released, engine load = 0).

Credits

I would like to say a ***Thank You*** to my friends and customers who let me record their vehicles or who sent to me their recordings of vehicle's engine sounds and other sounds.

Send your own recordings to me and I will turn them into complete engine sound packs. These recordings should be good quality videos / audios without wind and other unwanted background noises (like crowd, people talk, etc). These new sound packs may later appear in new add-on sound packs. You will get a free copy of the finished work only if your recordings got used for the making of new sound pack(s).

Feel free to contact me if you have any questions or suggestions for this asset.

Please write a review for this asset in the store. Thank you!
