Rotary
Engine Sounds

By: Skril Studio
<u>Thank you for purchasing Rotary Engine Sounds pack!</u>

Package includes:

- 6 complete engine sound packs
- 240 wav audio files (120 for exterior view and 120 for interior view), 40 wav files per engine sound packs
- A completed fmod project built from these sound clips
- Contain the following engine sound packs:
  - Rotary x3
  - Rotary x7
  - Rotary x8 – 1
  - Rotary x8 – 2
  - Rotary x8 – 3
  - Rotary 4 Rotor

Import the prefabs made for Realistic Engine Sounds 2

If you want to use this sound pack with **Realistic Engine Sounds 2** unity asset, import *RES2_Prefabs-Rotary_x.unitypackage*(s) into your project to get the prefabs made for *Realistic Engine Sounds 2*.

After importing the above mentioned .unitypackage, the new engine sound prefabs will be added in 3 different quality levels into the following folder: *RealisticEngineSound\Assets\Prefabs\Engine_Prefabs*

Drag and drop one of the newly imported prefab into a vehicle physics compatibility prefab and you're ready to test these new sounds *(Realistic Engine Sounds 2 comes with pre-made compatibility made for some vehicle physic controllers).*

Importing *RES2_Prefabs-Rotary_x.unitypackage*(s) without *Realistic Engine Sounds 2* already being in your project will give errors in the newly imported prefabs.

Credits

I would like to say a *Thank You* to my friends and customers who let me record their vehicles or who sent to me their recordings of vehicle's engine sounds and other sounds.

Send your own recordings to me and I will turn them into complete engine sound packs. These recordings should be good quality videos / audios without wind and other unwanted background noises (like crowd, people talk, etc). These new sound packs may later appear in new add-on sound packs. You will get a free copy of the finished work if your recordings got used for the making of new sound pack(s).

Feel free to contact me if you have any questions or suggestions for this asset.

Please write a review for this asset in the store. Thank you!
