UI SFX

38 wav files

Free Pack

Thank you for getting UI SFX Free Pack!

Full version available here: https://fab.com/s/4868348a3ad7

Package includes:

- 38 wav audio files
- 1 demo scene for testing all UI sound clips, packed inside a *.unitypackage (for Unity version)

Content explaination:

- **Buttons (9 wav files):** the most of these were made by recording the sound of real physical buttons and ratling other things on a table. These sound clips fit into multiple categories.

- **Cancel (3 wav files):** these were made from some of the above mentioned real buttons. These sound clips fit perfectly for a „cancel", „decline" or „close" buttons.

- **High_Pitched (9 wav files):** these sound clips are a highly edited version of some sound clips from „Buttons" category. These sound clips are very usefull for multiple purposes.

- **Ok (4 wav files):** these sound clips are perfecr for an „Ok" or „Accept" button, but they can also fit for other purposes too.

- **Purchase (4 wav files):** these sound clips contain the sound of metal coins in multiple variations. They fit perfectly for that case when a user purchase something in your game.

- **Repair (3 wav files):** these sound clips contain the sounds of ratchet wrenches, hamer noises and drilling machines sound in multiple variations. They have singles and mixed together sound clips.

- **Sliders (2 wav files):** these sound clips are made for UI sliders, they sound like something is swiping, sliding.

- **Warning_Popup (4 wav files):** these are made for a warning popup window or when a message popup in your game.
